

Coblaco Services, Inc.

Coblaco Services is an industrial coating company that has accrued more than 10 million work hours since 1978. They have completed more than 500 projects including major league sports stadiums, power plants, food and beverage plants, bridges and dams.

Coblaco's workers' comp mod rate had been steadily increasing at considerable expense to the company. As a small business, they lacked the budget for a full-time environmental health and safety Position. Management did not have the time or qualifications to implement a comprehensive program. They hired Hellman & Associates which instituted its AssuredCompliance® program.
